☒ IN ☐ CM

- Articulated Fit
- Most find garment to be true to size

TAILORED FIT

Designed to fit more like streetwear, this fit is slimmed down with less room for layering. Conforms more to the body shape and slimmed at the knee area, while still allowing movement.

ARTICULATED FIT

Found on our GORE-TEX and GLCR styles, articulation seams are placed in high mobility areas for comfort, room for layering, and to maximize mobility.

LOOSE FIT

Much more room for layering, less constricting for a comfortable feel.

HOW TO MEASURE

BODY MEASUREMENTS

WAIST

Measure full circumference around the narrowest point of the waist, just above the navel. Make sure the tape is straight and taut in back as well.

INSEAM

Measure from the crotch to the bottom of the leg.

GARMENT MEASUREMENTS

HIP

Measure full circumference around the widest part of the hips.

THIGH

Measure full circumference around the widest part of the thigh.

BODY MEASUREMENTS

GARMENT MEASUREMENTS

To choose the best size for you, we recommend you grab your favorite jacket and see how it compares to the measurements above. Measure your jacket with it zipped up and laying on a flat surface.

WAIST

Lay the garment so that the top edge of the waist is as straight as possible and measure one end to the other.

INSEAM

Fold the garment in half and measure from the crotch to the bottom of the leg opening.

HIP

First measure 8" down from the top of the waist, then measure straight across the leg.

THIGH

Eyeball the middle of the leg between the crotch and the knee and measure straight across.

LEG OPENING

Measure straight across the bottom of one pant leg.
